OEX LED Work Light | Round, 30W

LLX08203 | **LED Work Light, Flood Beam**

Round 6 LED work light from OEX, putting 2,183 effective lumens on a flood beam to light trays, loading areas and work zones on 12V and 24V vehicles. A work and scene light, not a warning light.

POWER	EFFECTIVE OUTPUT	VOLTAGE	SEALING
30W	2,183 lm	10-32V DC	IP67

SPECIFICATIONS

Product Type	Round LED work light, flood beam
LEDs	6 x 5W Cree XTE (30W total)
Light Output	2,183 effective lumens, 2,916 raw lumens
Beam	Flood; reaches up to 80 metres on the manufacturer's beam chart
Voltage	10 to 32V DC (12V and 24V systems)
Current Draw	2.5A @ 12V
Housing	Finned aluminium
Lens	Polycarbonate
Ingress Protection	IP67
Mounting	Pedestal bracket, single-bolt fixing
Connection	Pre-wired, two-wire lead
EMC	CISPR 25 rated (class not stated by the supplier)
Dimensions	132 x 110 x 61mm (L x W x D)
Weight	0.74kg
Warranty	OEX manufacturer warranty, 12 months

FRONT AND SIDE VIEWS

BEFORE YOU FIT

1. Check the vehicle's system voltage. The light runs on 10 to 32V DC, so 12V and 24V vehicles both suit.
2. Choose the mounting position. The pedestal bracket fixes with a single bolt.
3. Have a competent installer connect the pre-wired two-wire lead to the vehicle's electrical system.
4. Check the rules for auxiliary lamps in your state or territory with your local road authority before fitting.

TYPICAL USE

Lighting trays, canopies, loading areas and work zones on traffic management utes, civil and utility vehicles, trailers and plant equipment. The flood beam spreads light across a broad area around the vehicle.

DEPLOYMENT

A work and scene light for lighting a work area, not a warning or hazard light. Vehicle lighting requirements may vary by vehicle type, registration category and jurisdiction.
