TYPICAL USE

Road resurfacing, bridge repairs, road closures, detours, flood response, emergency works, public events, utility works, civil works, pavement works, traffic switches, access restrictions and other temporary traffic management layouts where advance warning of a road closure is specified.

DEPLOYMENT

Road closure advance warning panel used to warn road users in advance of an upcoming road closure where this warning is specified as part of a broader temporary traffic management, road closure, detour, event or emergency response arrangement. Selection, placement, panel pairing, visibility, frame arrangement and use remain subject to the applicable TMP, TGS, road closure arrangement, detour arrangement, traffic control arrangement, site arrangement, project requirements, site conditions and relevant authority requirements.
