Warranty	UAGS Corflute Sign Warranty, 1-year limited coverage

TYPICAL USE

Approaches to roadworks, traffic control points, stop / slow arrangements, lane closures, road closures, temporary detours, changed traffic conditions, temporary signals, high-volume merge points, regional highways, arterial roads, traffic switches and other temporary traffic management layouts where queued traffic may be encountered and a queue warning message is specified.

DEPLOYMENT

Queue warning symbol panel used to warn road users of queued, slow-moving or stop-start traffic ahead where this warning is specified as part of a broader temporary traffic management arrangement. Selection, placement, panel pairing, visibility, frame arrangement and use remain subject to the applicable TMP, TGS, queue management arrangement, traffic control arrangement, site arrangement, project requirements, site conditions and relevant authority requirements.
