Panel Classification	Standard-listed TM Series temporary traffic management two-way traffic warning sign panel
Sign Name	Two Way Traffic (SYM)
National Sign Code	TM2-24A
State / Legacy References	VicRoads Sign Code TM2-V24; VicRoads Drawing No. 541559
Legend / Symbol	Black two-way traffic symbolic arrows indicating a two-way traffic condition where opposing vehicle movements may be present as part of the temporary traffic management arrangement
Signface Colours	Black symbol on yellow retroreflective background
Signface Design Reference	The signface layout, symbol and colours follow the applicable AS 1743:2023 signface design for the TM2-24A code
Panel Size	600x600mm
Panel Thickness	6mm
Reflective Sheeting	Class 400T retroreflective yellow sheeting with opaque black printing
Substrate	6mm UV stabilised corflute
Frame Compatibility	Compatible with suitable 600x600mm temporary roadwork sign frames, including Multi-Message Sign Frame No. 1 upper split-panel arrangements where the frame accepts a 600x600mm panel and the overall sign arrangement is suitable, and 600x600mm Double-Sided Traffic Sign Frame Type 5 arrangements where the frame accepts a 600x600mm corflute panel
Reference Note	State and legacy references are supplied for identification only and must not be treated as national codes, road authority approval claims, mandatory use requirements or confirmation of site suitability.
Warranty	UAGS Corflute Sign Warranty, 1-year limited coverage

TYPICAL USE

Temporary traffic management setups where two-way traffic movement is present, reinstated or specified, including roadworks, traffic switches, temporary diversions, changed traffic arrangements, temporary lane arrangements, civil works, utility works, maintenance works and other temporary traffic management arrangements where this sign is specified.

DEPLOYMENT

Selection, placement, sign sequencing, frame arrangement, display timing and use remain subject to the applicable TMP, TGS, changed traffic arrangement, site conditions, project requirements and relevant authority requirements.
