TYPICAL USE

Temporary road closures, partial road closures, local access routes, residential access points, business access areas, roadworks, civil works, utility works, resurfacing works, bridge works, event traffic management, temporary route changes and other temporary traffic management layouts where specified.

DEPLOYMENT

Local access / temporary access message panel used to indicate that local access is available or permitted as part of a broader temporary traffic management arrangement, while through traffic or general access may be restricted by the applicable site arrangement. Selection, placement, pairing, visibility, frame arrangement and use remain subject to the applicable TMP, TGS, access arrangement, site arrangement, project requirements, site conditions and relevant authority requirements.
