TYPICAL USE

Boom gates, temporary controlled access points, worksite entries, depot entries, site compounds, roadwork access points, traffic control holding points and controlled vehicle entry areas where a boom barrier condition is specified.

DEPLOYMENT

Symbolic warning panel used to provide advance visual warning of a boom gate, boom barrier or controlled access point as part of a broader temporary traffic management or site access arrangement. Selection, placement, mounting, visibility and use remain subject to the applicable TMP, TGS, site arrangement, project requirements, site conditions and relevant authority requirements.
